

JVC DLA X3B/W

JVC DLA X3B/W

Brief Introduction

Beta 2.5

A brief introduction to the JVC DLA X3B/W. The high-end home cinema DILA projector has an HDTV 1920 x 1080 resolution and a contrast of 50000:1. The integrated lens shift gives freedom when positioning the projector. An image width of up to 366 cm is possible. However, the image should be smaller in room light. We recommend max. 244 cm. Video signals 1080P and 3D are also no problem for the projector. At just 20 decibels, the device is one of the quieter projectors. The model was built by JVC in 2010 and is no longer current, but is still very popular in our projector database.

Display Type

3 x 0,7" DILA Chip
HDTV 16/9 Direct-Drive Image Light Amplification (D-ILA)
