

JVC DLA X75R

JVC DLA X75R

With the DLA X75R, manufacturer JVC offers a high-end home cinema DILA projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 90000:1. The manufacturer specifies a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. With the lens shift function, the projector can be positioned very freely. An image width of up to 352 cm is possible. However, the image should be smaller in room light. We recommend max. 235 cm. The model is also compatible with Full HD 1080P and 4K as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. At just 20 decibels, the device is one of the quieter projectors. It was launched in 2012 and is no longer offered by the manufacturer JVC, but is still one of the most popular projectors.

Brief Introduction

Beta 2.5

Display Type

3 x 0,7" DILA Chip

HDTV 16/9 Direct-Drive Image Light Amplification (D-ILA)
