

Kindermann KX 7000WU

KINDERMANN KX 7000WU

The Kindermann model KX 7000WU is an LCD projector with WUXGA 1920 x 1200 resolution and a contrast of 500:1. With the lens shift function, the projector can be positioned very freely. The projector can illuminate a screen width of up to 753 cm thanks to its 5500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 502 cm. The model built in 2015 is no longer offered by Kindermann. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
