Kodak DP2000 Digital Projector

puts you on the road to success

Increased Brightness! Now 800 lumens

Whether you're launching a new product, closing a sale or meeting with investors, pictures can help you move, motivate and captivate audiences. For over 60 years, presenters have relied on easy-to-use KODAK Projectors to deliver picture-perfect results. KODAK Digital Projectors are powerful presentation tools, designed for the way you work today.

✔ Look Good Anywhere

The KODAK DP2000 Projector has a sleek, contemporary design that's rugged enough to hit the road in style. It's the perfect partner for today's powerful laptop and handheld computers. Finally, a projector that's all new and all yours—right in the palm of your hand.

✔ Exclusive! KODAK Image Manager

For outstanding image quality and the best possible results, Kodak's Image Manager provides easy-to-use settings that enhance the color, brightness and contrast of your images. With the touch of a button you set the projector to match your presentation for high quality graphics, crisp spreadsheets, rich-color charts and eye-popping pictures every time.

✔ Packs a Powerful Punch

Turn on the lights and work the room. The DP2000 delivers crisp detail and true-to-life colors in any setting. It's bright enough for large-group presentations, yet small enough for a powerful one-on-one. It's all the projector you'll ever need!

✔ Just Plug, Play and Present

Set up your hardware in seconds. Then, take full advantage of the DP2000's multimedia capabilities to add sound, special effects, animation, live Internet connections and full-motion video. The DP2000 gives you all the cables you need and handles all these demanding applications with ease.

Actual Size Shown
4.8 lbs.
