LG PH150G

EAN/UPC:719192607804

Media Player · **LED** · **HDMI MHL** · **Netzwerk** · **USB**

Brief Introduction
Beta 2.5

The Game-Portabel PH150G LED LCOS projector from LG has 130 Ansi-Lumen, a contrast of 100000:1 and a HDTV 1280 x 720 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The projector also offers an integrated media player that can be used to play files directly. Thanks to the brightness of 130 Ansi lumens, a picture width of 116 cm is possible. In room light, the picture should be max. 77 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). It is also Full HD 1080P compatible.
