

LG PF1500W

LG PF1500W

Brief Introduction

Beta 2.5

The LG PF1500W 3D LED DLP projector has 1400 Ansi lumens, a contrast of 150000:1 and an HDTV 1920 x 1080 resolution. Manufacturer LG specifies a service life of 30000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. An image width of up to 380 cm is possible. However, the picture should be smaller in room light. We recommend max. 253 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). The model is also Full HD 1080P and 3D compatible. At just 30 decibels, the device is one of the quieter projectors. The model built in 2015 is no longer offered by LG.
