

LG PW800G

LG PW800G

The LG PW800G LED DLP projector has 800 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 800 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years if enjoyed for four hours a day. The integrated media player can play files directly. 800 Ansi lumens ensure that a picture width of 287 cm is also possible. However, if there is room light, the picture should be a maximum of 191 cm wide. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. It is also Full HD 1080P compatible.

1 x 0,45" DLP Chip
