

# Lisowod L01 Pro

LISOWOD L01 PRO

The Lisowod L01 Pro micro-portable LED LCD projector has 600 Ansi lumens and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. As Lisowod specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. An image width of up to 249 cm is possible, as the projector has 600 Ansi lumens. However, if room light is available, the picture should be max. 166 cm wide. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. It is also Full HD 1080P and 4K (compressed) compatible.
