

Marantz VP 8600/BL

MARANTZ VP 8600/BL

A brief introduction to the Marantz VP 8600/BL. The home cinema DLP projector has an HDTV 1280 x 720 resolution and a contrast of 2500:1. The lamp life is up to 4000 hours, which is the equivalent of over 5.5 years at 2 hours per day. With the lens shift function, the projector can be positioned very freely. The projector can illuminate a picture width of up to 287 cm thanks to its 800 Ansi lumens. In room lighting, however, the picture width should ideally be less than 191 cm. It came onto the market in 2005 and is no longer offered by the manufacturer Marantz. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

1 x 0,81" HD2+ DC2 DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip
