

Maxell MC-AX3006

MAXELL MC-AX3006

A brief introduction to the Maxell MC-AX3006. The short-throw LCD projector has an XGA 1024 x 768 resolution and a contrast of 16000:1. The manufacturer Maxell specifies a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours of use. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. This projector has a projection ratio of just 0.3:1. For a 2 m wide image, the projector only needs to be positioned 60 cm away from the screen. The projector can also play 1080P without any problems. On the market since 2018, the model is no longer offered by the manufacturer Maxell.
