

Maxell MC-WU5501

MAXELL MC-WU5501

The standard portable Maxell MC-WU5501 3D LCD projector has 5200 Ansi lumens, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The horizontal and vertical keystone correction allows the projector to be positioned very freely. Thanks to the brightness of 5200 Ansi lumens, a picture width of 733 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 489 cm). If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. It is also Full HD 1080P and 3D compatible. This model is no longer offered by Maxell.

3 x LCD TFT Panel

WUXGA 16/9 Liquid Crystal Display
