

Maxell MP-WU5603

MAXELL MP-WU5603

A brief introduction to the MP-WU5603: The Maxell 3D laser LCD projector offers 6000 Ansi lumens, a contrast of 1500000:1 and a WUXGA 1920 x 1200 resolution. The lifespan is 30000 hours due to the laser, which is over 20.5 years if enjoyed for four hours a day. The projector also offers a lens shift function, which makes image adjustment childs play. Thanks to the brightness of 6000 Ansi lumens, a picture width of 787 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 525 cm). Video signals 1080P and 3D are also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. The projector was launched in 2019 and is no longer sold by the manufacturer.

 3 x 0,64" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display
