

Megapower ML-T23

MEGAPOWER ML-T23

A brief introduction to the ML-T23: The Megapower LED DLP projector offers 300 ANSI lumens, a contrast ratio of 2000:1 and an HDTV resolution of 1920 x 1080. The manufacturer, Megapower, specifies a lifespan of 30,000 hours, which would equate to over 20.5 years based on four hours? viewing per day. As the projector features horizontal and vertical keystone correction, it can be positioned with plenty of space around it in the room. Thanks to its short-throw projection ratio of just 0.12:1, the projector does not intrude on the room. To project a 2-metre-wide image, the projector needs to be positioned just 24 cm from the screen. The built-in 10,000 mAh battery means no mains power supply is required, allowing the projector to be set up quickly and flexibly. Another bonus worth mentioning is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. The projector also has no trouble playing 1080p and 4K (compressed) content.

1 x 0,23" DMD DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	300	Screen	133 Lux (200 cm Screen width)
Contrast	2000:1		2000:1
