The LT170 DLP has 1500 Ansi lumens, a contrast of 1000:1 and an XGA 1024 x 768 resolution. An image width of up to 337 cm is possible. However, the image should be smaller in room light. We recommend max. 225 cm. The projector was launched in 2003 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
