

Nec M300X

NEC M300X

The Nec M300X LCD projector has 3000 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The lamp in the projector is specified with a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The projector can illuminate a picture width of up to 477 cm thanks to its 3000 Ansi lumens. In room lighting, however, the picture width should ideally be less than 318 cm. Even 1080P video signals are no problem for the projector. The model built in 2010 is no longer offered by Nec.
