

Nec VT46

The standard portable VT46 LCD has 1200 Ansi lumens, a contrast of 400:1 and an SVGA 800 x 600 resolution. 1200 Ansi lumens ensure that a picture width of 302 cm is also possible. However, if room light is available, the image should be a maximum of 201 cm wide. Furthermore, the projector can play 1080P without any problems. The model built in 2003 is no longer offered by Nec.
