

Nonete NT10

NONETE NT10

Brief Introduction

Beta 2.5

The NT10 LED LCD projector from Nonete has 200 ANSI lumens, a contrast ratio of 10,000:1, and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which equates to over 20.5 years of enjoyment at four hours per day. As this is a short-throw projector, it can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 160 cm away from the screen. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Even 1080P and 4K (compressed) video signals are no problem for the projector. Compared to other projectors, it is very quiet with an operating noise of 25 decibels.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

Ansi-Lumen
