

NuVision PRO VU P2

NUVISION PRO VU P2

Brief Introduction

Beta 2.5

A brief introduction to the NuVision PRO VU P2. The DLP LED projector has an HDTV 1920 x 1080 resolution and a contrast of 100000:1. The lifespan of the LEDs is 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The built-in lens shift function provides freedom when setting up. 800 Ansi lumens ensure that a picture width of 287 cm is also possible. However, if room light is available, the picture should be a maximum of 191 cm wide. Playing 1080P is also no problem for the projector. This model is no longer offered by NuVision.
