

ONOAYO ONO 5 Pro 2.0 W

EAN/UPC:B0GXFWNK2Q

Brief Introduction

Beta 2.5

The ONO 5 Pro 2.0 W LED LCD projector from ONOAYO has 1,458 ANSI lumens, a contrast ratio of 28,000:1 and an HDTV resolution of 1,920 x 1,080. It is an LED projector with a lamp life of 30,000 hours, which equates to over 20.5 years if used for four hours a day. The projector also features a built-in media player, allowing files to be played directly. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 508 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 339 cm. The model recognises Chromecast, DLNA, AirPlay and Miracast screen mirroring signals, so it is possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth capability is a useful addition to the projector, particularly for wireless audio transmission. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues.
