

Optoma DH1012

OPTOMA DH1012

The DH1012 3D DLP home cinema has 3200 Ansi lumens, a contrast of 1800:1 and an HDTV 1920 x 1080 resolution. The manufacturer Optoma specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours a day. 3200 Ansi lumens ensure that a picture width of 575 cm is also possible. However, if room light is available, the picture should be max. 383 cm wide. A smartphone with MHL connection can be connected directly to the MHL/HDMI port to perform 1080p / 60 Hz image mirroring (screen mirroring). Playing 1080P and 3D is also no problem for the projector. At 26 decibels, the projector is very quiet compared to other projectors. It was launched in 2015 and is no longer offered by the manufacturer Optoma.
