

Optoma DS316L

OPTOMA DS316L

The Optoma DS316L BrilliantColor DLP projector has 2700 Ansi lumens, a contrast of 4000:1 and an SVGA 800 x 600 resolution. 453 cm image width, the projector will be able to illuminate well. If room light is available, however, the image width should ideally not exceed 302 cm. Even 1080P video signals are no problem for the projector. The projector is very quiet compared to others with 29 decibels of operating noise. This model is no longer offered by Optoma, but is still one of the very popular projectors.
