

Optoma EH515

OPTOMA EH515

With the EH515, manufacturer Optoma offers a standard portable DLP projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. With the lens shift function, the projector can be positioned very freely. An image width of up to 753 cm is possible as the projector has 5500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 502 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P and 3D compatible. On the market since 2015, the model is no longer offered by the manufacturer Optoma.
