

Optoma EzPro / EP550

OPTOMA EZPRO / EP550

The EzPro / EP550 LCD has 300 Ansi lumens, a contrast of 150:1 and an SVGA 800 x 600 resolution. The projector can illuminate a picture width of up to 151 cm with its 300 Ansi lumens. In room light, however, the image width should ideally be less than 101 cm. The projector was launched in 1996 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

 1 x 6,4" LCD TFT Panel
SVGA 4/3 Liquid Crystal Display

Ansi-Lumen

300

97 Lux (bei 203 cm Screen)
