

Optoma EzPro / EP600

Brief Introduction

Beta 2.5

The EzPro / EP600 LCD projector from Optoma has 550 Ansi lumens, a contrast of 200:1 and an SVGA 800 x 600 resolution. The projector can illuminate an image width of up to 204 cm thanks to its 550 Ansi lumens. In room light, however, the image width should ideally be less than 136 cm. This model is no longer offered by Optoma. It should also be noted that there are unfortunately no longer any replacement lamps available for this projector, neither originals nor replicas.
