

Optoma EzPro / EP783/L/S

OPTOMA EZPRO / EP783/L/S

The EzPro / EP783/L/S BrilliantColor DLP projector from Optoma has 5000 Ansi lumens, a contrast of 1500:1 and an XGA 1024 x 768 resolution. With the lens shift function, the projector can be positioned very freely. The projector can illuminate a picture width of 616 cm well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 411 cm here. The model is also Full HD 1080P compatible. With only 30 decibels of operating noise, the model is already very quiet compared to others. The model built in 2008 is no longer offered by Optoma.
