With the EX536/L, manufacturer Optoma offers a DLP projector with XGA 1024 x 768 resolution and a contrast of 3000:1. The projector can illuminate an image width of up to 461 cm thanks to its 2800 Ansi lumens. In room light, however, the image width should ideally be less than 307 cm. Even 1080P video signals are no problem for the projector. The projector was launched in 2009 and is no longer sold by the manufacturer.
