

Optoma UHD38x

OPTOMA UHD38X

The standard portable Optoma UHD38x 3D DLP projector has 4000 Ansi lumens, a contrast of 1000000:1 and a UHD (4K2K) 3840 x 2160 resolution. The lamp life is up to 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 643 cm picture width, the projector will be able to illuminate well. The projector can manage rooms with residual light with a smaller image width, we recommend a maximum of 429 cm here. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, and thus all currently offered Blu-ray formats can be recognized by the projector. At 28 decibels, the projector is very quiet compared to other projectors.

1 x 0,47" DLP Chip
