

Optoma ZW300UST

EAN/UPC:796435 44 089 3

OPTOMA ZW300UST

The ZW300UST 3D Laser BrilliantColor DLP projector from Optoma has 3200 Ansi lumens, a contrast of 22000:1 and a WXGA 1280 x 800 resolution. The manufacturer Optoma specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player can play files directly. Thanks to the short-throw projection ratio of just 0.27:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 54 cm away from the screen. The HDMI MHL (Mobile High-Definition Link) port enables 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from a smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The projector was launched in 2017 and is no longer sold by the manufacturer, but is still one of the most popular projectors.
