

Panasonic PT AE700E/U

PANASONIC PT AE700E/U

The PT AE700E/U LCD projector from Panasonic has 1000 Ansi lumens, a contrast of 2000:1 and an HDTV 1280 x 720 resolution. The integrated lens shift gives you freedom when positioning the projector. The projector can illuminate an image width of up to 321 cm thanks to the 1000 Ansi lumens. In room light, however, the image width should ideally be less than 214 cm. With an operating noise of just 26 decibels, the model is very quiet compared to others. It was launched in 2004 and is no longer offered by the manufacturer Panasonic, but is still very popular in our projector database.

Brief Introduction

Beta 2.5

Display Type

3 x 0,7" LCD TFT Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen
