The Panasonic PT VX400NT E/U LCD projector has 4000 Ansi-Lumen, a contrast of 2000:1 and an XGA 1024 x 768 resolution. Includes an integrated media player that can be used to play files directly. The horizontal and vertical keystone correction provides leeway when setting up. The projector can illuminate images up to 551 cm wide thanks to its 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 367 cm. It was launched in 2011 and is no longer offered by the manufacturer Panasonic.
