

Panasonic PT-VX415NZ

PANASONIC PT-VX415NZ

The PT-VX415NZ LCD has 4200 Ansi lumens, a contrast of 4000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 4200 Ansi lumens ensure that a picture width of 564 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 376 cm. The model is also Full HD 1080P compatible. The model was built by Panasonic in 2013 and is no longer current.
