Manufacturer PEAQ offers the PPR F260 -5026KE, a portable gaming LCD LED projector with HDTV resolution of 1920 x 1080 and a contrast ratio of 1200:1. The manufacturer, PEAQ, specifies a lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours? use per day. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. An image width of up to 135 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 90 cm. The model recognises AirPlay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). Furthermore, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080p and 4K (compressed).
