

Philips Astaire

PHILIPS ASTAIRE

Brief Introduction

Beta 2.5

A brief introduction to the Philips Astaire. The LCD projector has a WVGA 854 x 480 resolution and a contrast of 400:1. The lamp in the projector is specified with a lamp life of 6000 hours, which converts to over 8.2 years at 2 hours per day. The projector can illuminate a picture width of up to 287 cm well thanks to the 800 Ansi lumens. In room light, however, the picture width should ideally be less than 191 cm. The projector can also play 1080P without any problems. The projector is very quiet compared to others with an operating noise of 29 decibels. It was launched in 2003 and is no longer offered by the manufacturer Philips.
