The Philips ProPix 850 3D DLP projector has 4000 ANSI lumens, a contrast ratio of 1600:1 FOFO and an HDTV 1920 x 1080 resolution. The lamp life is specified by the manufacturer as 10,000 hours, which would be 13.7 years with 2 hours of viewing per day. A picture width of up to 643 cm is possible. If the picture width is smaller (we recommend max. 429 cm), rooms with low light are no problem. Furthermore, it is Full HD 1080P compatible. The operating noise of only 29 decibels makes projection quiet.
