

Philips ProScreen 1200

PHILIPS PROSCREEN 1200

The stationary ProScreen 1200 LCD projector from Philips has 104 Ansi lumens and a resolution. As Philips specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 89 cm well. However, if room light is available, the picture width should ideally not exceed 59 cm. The model is no longer offered by Philips. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither originals nor replicas.

Brief Introduction

Beta 2.5

Display Type

1 x LCD TFT Panel
32 4/3 Liquid Crystal Display

Ansi-Lumen

104 120 Lumen

35 Lux (200 cm Screen width)
