

Philips Screeneo HDP1590

PHILIPS SCRENEO HDP1590

The Philips Screeneo HDP1590 3D LED DLP projector has 500 Ansi lumens, a contrast of 100000:1 and a WXGA 1280 x 800 resolution. It is an LED projector with 30000 hours of light life, which is over 20.5 years with a daily viewing of 4 hours. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the short-throw projection ratio of just 0.32:1, the projector is also not distracting in the room. For a 2m wide image, the projector only needs to be 64 cm away from the screen. The model recognizes Miracast screen mirroring signals, making it possible to play videos with high resolution and surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS). The projector can also play 1080P and 3D without any problems. At just 25 decibels, the device is one of the quieter projectors. The projector was launched in 2013 and is no longer sold by the manufacturer.

Brief Introduction

Beta 2.5

Display Type

1 x 0,45" DLP Chip

WXGA 16/10 Ti Digital Light Processing Chip

Ansi-Lumen

Projector

500
