

# Plus V1100

PLUS V1100

A brief introduction to the V1100: The Plus DLP projector offers 1000 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. 1000 Ansi lumens ensure that a picture width of 275 cm is also possible. However, if room light is available, the picture should be a maximum of 183 cm wide. With only 27 decibels of operating noise, the model is very quiet compared to others. The projector is no longer sold by the manufacturer, but is still a popular projector in our database. It should also be noted that there are unfortunately no longer any replacement lamps available for the projector, neither original nor replica.
