

# Puppy Robot Hachi Infinite M1 Pro

PUPPY ROBOT HACHI INFINITE M

The Puppy Robot model Hachi Infinite M1 Pro is a DLP projector with HDTV 1280 x 720 resolution and a contrast of 600:1. With a projection ratio of just 0.39:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 78 cm away from the screen. Thanks to the built-in 5000 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. Even 1080P video signals are no problem for the projector. The projector is very quiet compared to other projectors with an operating noise of 30 decibels. This model is no longer offered by Puppy Robot.
