

PUTRIMS S36

PUTRIMS S36

Brief Introduction

Beta 2.5

The S36 LED LCD projector from PUTRIMS has 500 ANSI lumens, a contrast ratio of 20,000:1, and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a specified light source lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours of use per day. The projector also features a built-in media player that allows files to be played directly. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. An image width of up to 176 cm is possible. However, in brightly lit rooms, the image should be set to a smaller size. We recommend a maximum of 117 cm. The model supports AirPlay and Miracast screen mirroring, making it possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, Bluetooth connectivity is a useful feature for the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080p and 4K (compressed) content without any issues.
