The Micro-Portable Puxinat TP-04 LED LCD projector has 300 ANSI lumens and HDTV 1280 x 720 resolution. Thanks to the LEDs, it has a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The projector can illuminate images up to 176 cm wide thanks to its 300 ANSI lumens. However, in room lighting, the image width should ideally be less than 117 cm. The projector can also play 1080P without any problems.

1 x LCD Panel
