## Video Modes

## Application

Light Source  
Light Life

## Operating Costs

## Focus

## Zoom

## Objective

## Throw Ratio

## Audio

## Connections

The standard portable WiFi projector 1080P LED LCD projector from Puxinat has 200 Ansi lumens, a contrast of 10000:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 55000 hours of light life, which converts to over 37.7 years at 4 hours per day. The projector can illuminate a picture width of up to 144 cm well thanks to the 200 Ansi lumens. In room light, however, the picture width should ideally be less than 96 cm. As the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. The model is also Full HD 1080P compatible.

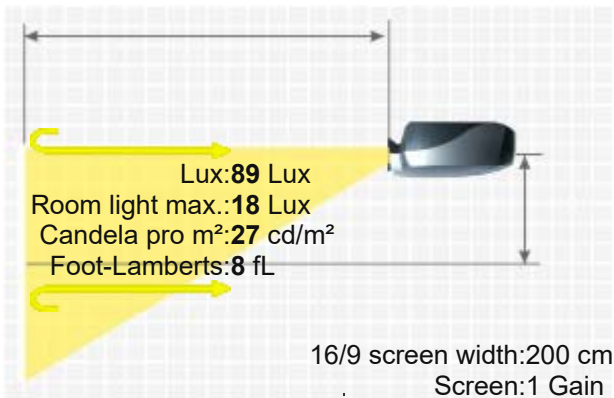

3 x LCD TFT Panel  
HDTV 16/9 Liquid Crystal Display

Projector

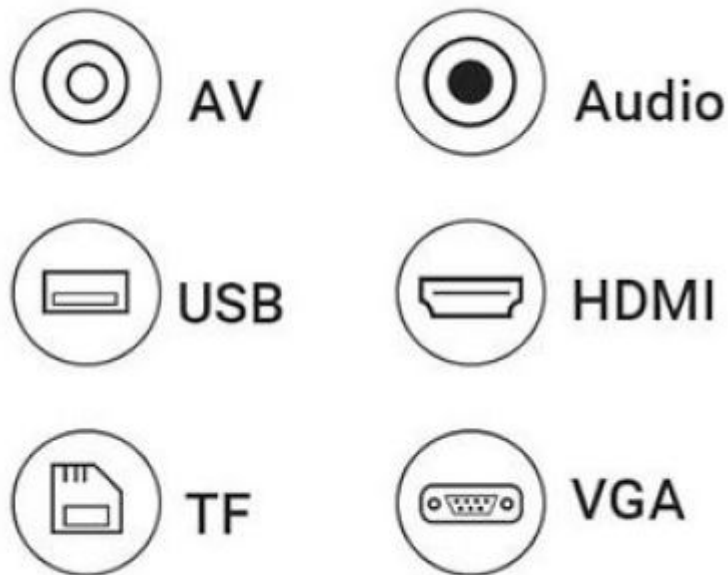

200
