

Pyle PRJAND805

PYLE PRJAND805

Brief Introduction

Beta 2.5

A brief introduction to the Pyle PRJAND805. The game-portable DLP LED projector has a WXGA 1280 x 800 resolution and a contrast of 10000:1. The manufacturer Pyle specifies a service life of 30000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 86 cm is possible. In room light, however, the image should be smaller. We recommend max. 57 cm. Video signals 1080P and 3D are also no problem for the projector. It was launched in 2014 and is no longer offered by the manufacturer Pyle.
