

Ricoh PJ HD5451

RICOH PJ HD5451

The PJ HD5451 3D DLP has 3800 Ansi lumens, a contrast of 8000:1 and an HDTV 1920 x 1080 resolution. Thanks to the brightness of 3800 Ansi lumens, a picture width of 626 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 417 cm). With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P and 3D compatible. The model built in 2018 is no longer offered by Ricoh.
