Runco DLP 100

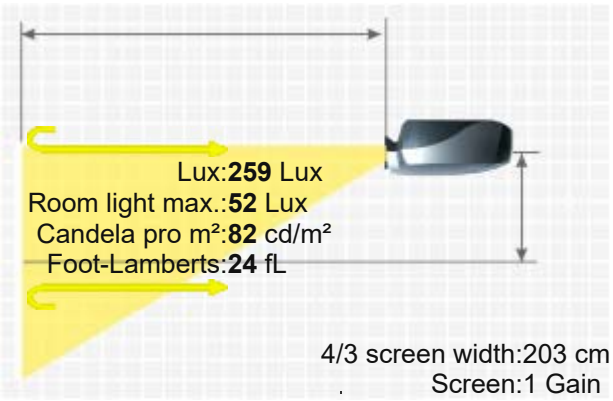

Brief Introduction Beta 2.5	The DLP 100 DLP projector from Runco has 800 Ansi lumens, a contrast of 200:1 and an SVGA 848 x 600 resolution. 800 Ansi lumens ensure that a picture width of 246 cm is also possible. However, if room light is available, the picture should be a maximum of 164 cm wide. This model is no longer offered by Runco. It should also be noted that, unfortunately, there are no longer any replacement lamps available for the projector, neither originals nor replicas.
