

Runco VX 5000ci

RUNCO VX 5000ci

Brief Introduction

Beta 2.5

With the VX 5000ci, manufacturer Runco offers a DLP projector with HDTV 1280 x 720 resolution and a contrast of 2500 - 3000:1. Including a lens shift and keystone correction function, which provides freedom during installation. 393 cm image width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 262 cm. The model is also Full HD 1080P compatible. It was launched in 2003 and is no longer offered by the manufacturer Runco, but is still very popular in our projector database. It should also be noted that, unfortunately, there are no longer any replacement lamps available for the projector, neither originals nor replicas.
