

Salange P350

SALANGE P350

The Salange model P350 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 10000:1. It is an LED projector with a light life of 30,000 hours, which is over 20.5 years when used for four hours a day. A picture width of up to 249 cm is possible, as the projector has 600 ANSI lumens. However, if there is ambient light in the room, the picture should be no wider than 166 cm. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos from a smartphone, tablet, or PC (Android, Windows, and iOS) with high resolution and surround sound directly via Wi-Fi. As an added bonus, the projector can be connected to external wireless speakers via Bluetooth. Furthermore, the projector can play 1080P and 4K (compressed) without any problems and can even project Blu-rays onto the ceiling thanks to its 360° projection.
