

Samsung The Freestyle (LSP3BILAXXE)

S A M S U N G T H E F R E E S T Y L E (L S P 3

for many

The micro-portable Samsung The Freestyle (LSP3BILAXXE) LED DLP projector has 550 Ansi lumens, a contrast of 100000:1 and an HDTV 1920 x 1080 resolution. The service life of the LEDs is 20000 hours, which is over 13.7 years if enjoyed for four hours a day. An image width of up to 238 cm is possible as the projector has 550 Ansi lumens. However, if room light is available, the picture should be max. 159 cm wide. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. 1080P playback is also no problem for the projector. Even projection onto the ceiling is possible thanks to the 360° projection. At just 30 decibels, the device is one of the quieter projectors.
