

Sanyo PLC WM4500/L

SANYO PLC WM4500/L

A brief introduction to the PLC WM4500/L: The Sanyo stationary LCD projector offers 4500 Ansi lumens, a contrast of 800:1 and a WXGA 1280 x 800 resolution. With the lens shift function, the projector can be positioned very freely. 682 cm image width, the projector will be able to illuminate well. Rooms with residual light can be created by the projector with a smaller image width, we recommend a maximum of 455 cm. Playing 1080P is also no problem for the projector. The projector was launched in 2010 and is no longer sold by the manufacturer.
