

Sanyo PLC WXU700/A

SANYO PLC WXU700/A

Brief Introduction

Beta 2.5

A brief introduction to the Sanyo PLC WXU700/A. The LCD projector has a WXGA 1280 x 800 resolution and a contrast of 500:1. The integrated media player can play files directly. The projector can illuminate a screen width of up to 626 cm thanks to its 3800 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 417 cm. Playing 1080P is also no problem for the projector. The model built in 2009 is no longer offered by Sanyo, but is still very popular in our projector database.
