

Sony VPL CH375

SONY VPL CH375

A brief introduction to the Sony VPL CH375. The standard portable LCD projector has a WUXGA 1920 x 1200 resolution and a contrast of 2500:1. With the lens shift function, the projector can be positioned very freely. The projector is equipped with a microphone jack plug and 12W speakers, so no additional speakers are required for presentations or training sessions. An image width of up to 718 cm is possible as the projector has 5000 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. Playing 1080P is also no problem for the projector. The projector was launched in 2014 and is no longer sold by the manufacturer.

3 x 0,64" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector 5000 / 3100 im Eco Mode
